

TEMPORARY GRAIN COVER SOLUTIONS

OVAL/RECTANGLE & ROUND COVERS

VIAFLEX is your one-stop shop, where you can choose from virtually any size grain cover and the accessories to make your installation successful. When you buy from VIAFLEX, you can count on us to provide exceptional value by manufacturing your order in-house from start to finish.

GRAIN STORAGE SOLUTIONS

VIAFLEX Engineered Films has been helping customers with their feed storage needs for over 50 years with high-quality innovative oxygen barrier (OTR) silage covers (FeedFresh®) and durable grain storage covers (GrainMax™ and Protector™) with exclusive offerings for secondary grain cover security through WebNet™ (external net systems) and our unique FORTRESS™ (internal strap systems).

SOLUTIONS TO FIT YOUR NEEDS

Viaflex's GrainMax™ and Protector™ series films have become the covers of choice among many of the storage facilities throughout the grain regions of the United States and abroad due to superior features and wide range of custom sizes.

Protector™ - Woven-reinforced covers manufactured by weaving high-density polyethylene ribbons and coating them with a low-density polyethylene.

GrainMax™ - Scrim-reinforced covers manufactured with patented DURA♦SKRIM® high tenacity string reinforcement laminated together with high strength polyethylene.

- Any Shape, Any Size
- Custom Oval/Rectangle & Round Grain Covers
- GrainMax™ String Reinforced & Protector™ Woven-Coated Covers
- External WebNet™ Net Systems
- Fortress™ Internal Strap Systems

Note: To the best of our knowledge, unless otherwise stated, these are typical property values and are intended as guides only, not as specification limits. Chemical resistance, odor transmission, longevity as well as other performance criteria is not implied or given and actual testing must be performed for applicability in specific applications and/or conditions. Storage Covers

EXECUTIVE ROUND GRAIN COVER

The VIAFLEX Executive Grain Cover is a conical shaped, fitted cover, made of heavy-duty reinforced material; custom fabricated to fit your needs. The Executive Grain Cover pieces are joined together by the Viaflex RainFlap™ system. Each tip area is reinforced with our YokeLift™ system; a combination of webbing straps and heavy duty vinyl material, custom fitted to your tower lift ring.

ECONOMY ROUND GRAIN COVER

The VIAFLEX Executive Grain Cover is a four-piece, non-fitted, stepped or angle-cut, reinforced polyethylene material. The Economy Grain Cover also includes the YokeLift™ system to help protect your cover from stresses caused by a lift ring. Each section is joined together with the Viaflex RainFlap™ system or by sewing the panels together in the field.

OVAL/RECTANGLE GRAIN COVER

VIAFLEX can custom manufacture grain covers for any shaped bunker utilizing our 8 to 20 mil woven-coated or scrim reinforced polyethylene. Bunkers with towers requiring more than one section can be joined together using our impressive RainFlap™ seaming system or by field seaming. Bunkers with round corners can be stepped to reduce extra weight and material for ease in handling.
